It is the year 7010. Archeologists have uncovered evidence of the civilization of America, approximately 2010 CE. Please help them categorize the following items according to the above nine universals of culture. (You may use some of them more than once. Use A only once.)

Interpret, or extrapolate, the scenario to a basic idea. Connect that idea to the Universal of Culture. Place the letter of the appropriate Universal of Culture in the short blank (can put initials of UC instead if desired). There can be more than one correct answer. Include reasoning to ensure credit for alternate answers.
